Google, a subsidiary of Alphabet Inc., is a global leader in technology and innovation, founded in 1998 by Larry Page and Sergey Brin. Headquartered in Mountain View, California, Google began as a search engine and has since expanded into diverse areas including online advertising, cloud computing, software, hardware, and artificial intelligence. Its core products include Google Search, YouTube, Android, Google Cloud, and Google Ads, which collectively dominate their respective markets. As one of the most valuable companies in the world, Google is renowned for its commitment to innovation, user-focused design, and cutting-edge research, particularly in fields like Al and quantum computing. Its parent company, Alphabet Inc., was formed in 2015 to oversee Google's operations and other ventures.

Tesla, Inc. is an American multinational automotive and clean energy company. Headquartered in Austin, Texas, it designs, manufactures and sells battery electric vehicles (BEVs), stationary battery energy storage devices from home to grid-scale, solar panels and solar shingles, and related products and services. Tesla was incorporated in July 2003 by Martin Eberhard and Marc Tarpenning as **Tesla Motors**. Its name is a tribute to inventor and electrical engineer Nikola Tesla. In February 2004, Elon Musk led Tesla's first funding round and became the company's chairman; in 2008, he was named chief executive officer.
